

Work Wear & Protective Equipment Procedure

AT THE CUSTOMERS PROPERTY

You, your colleagues and our customers health and safety is our greatest priority. Since the introduction of the Coronavirus your Personal Protective Equipment use has never been so important. Always wear the standard PPE for the given task and in addition:

- 1) Maximum 2 people in each room at any time.
- 2) Ask the customer to leave the room while you are working in the space and keep 2 meters apart at all times.
- 3) Wash your hands regularly and properly (20 seconds).
- 4) Wear a protective suit and dispose each day after each use.
- 5) Wear the Nitrile gloves at all times and apply hand sanitizer before and after. Dispose of these gloves safely after every use.
- 6) Wipe down the new window installation tools, van door handles, steering wheel and gear stick with anti-bacterial spray after each use.

Personal protective equipment must be worn at all times
