

Work Wear & Protective Equipment Procedure

AT THE DEPOT

You, your colleagues and our customers health and safety is our greatest priority. Since the introduction of the Coronavirus, your Personal Protective Equipment use has never been so important. Always wear the standard PPE for the given task and in addition:

- 1) Maximum 3 people in each office at a time.
- 2) Keep 2 meters apart at all times.
- 3) Wash your hands regularly and properly (20 seconds).
- 4) Wear a face mask at all times.
- 5) Apply hand sanitizer before and after wearing your cut resistant gloves and wash them regularly.
- 6) Wipe down your tools, van door handles, steering wheel and gear stick with anti-bacterial spray after each use.

Personal protective equipment must be worn at all times
